Flight information

- Parents travelling with children into or out of South Africa may be asked to show the child's full birth certificate, and where only one parent is accompanying, proof of parental or legal authority to travel with the child. In addition to the requirement to produce a valid travel document (passport) and an unabridged birth certificate, children travelling with only one parent will also be required to produce a legal document signed by the non-travelling parent giving approval for the child's travel or where applicable, a death certificate of the other parent registered on the birth certificate of the child, or a court order granting sole custody. The document should also specify the travel destinations of the parent and child(ren).
If children are travelling with a guardian, this adult is required to produce affidavits from both parents giving permission for the children to travel. They will also need copies of the passports of the parents, as well as the contact details of the parents.
- Kindly ensure that you comply with South African immigration regulations which require that all passengers have at least one blank page in their passport. Passengers whose passport does not contain a blank page will be subject to a fine and will be refused entry into the country.
- Emergency contact: before you set off on your journey, please leave us [details of the person you wish us to contact](#) in the event of an emergency.
- Please take note of the current [free baggage allowance](#) included in your ticket price and the applicable [hand baggage regulations](#) prior to your departure. If you are planning to take [excess or special baggage](#) with you, different conditions may apply.
- As the airfare you have chosen may be a special fare, please note that restrictions may apply regarding rebooking and cancellation. If the fare conditions allow for a rebooking or refund, please be advised that charges may apply. In the case of a rebooking, please be aware that, for the new travel dates, you may also need to comply with possible advance booking deadlines, minimum and maximum stays and restrictions on the departure times. For enquiries regarding the fare conditions applying to your chosen airfare, please contact your local [Lufthansa representative](#).
- Please check the applicable health and entry requirements.
Because of decree of individual national authorities, passport controls within the Schengen area may occur. Lufthansa recommends its passengers to have a valid identity document (passport or identity card) whilst traveling.
- An electronic ticket has been issued for you. Your boarding pass for your Lufthansa flight will be available conveniently at [lufthansa.com](#) or in your Lufthansa App from 23 hours prior to departure. For identification purposes, please have your booking reference, your ticket number or your Frequent Flyer card number ready. In case you should travel with an airline other than Lufthansa please check [here](#) or contact the respective carrier for the applicable check-in conditions directly.
