Have flights with one of our SkyTeam partner airlines?

[Here, you can find more information about the measures](#) adopted by our partners to ensure a safe and comfortable trip.

IMPORTANT INFORMATION

PLEASE NOTE - For flights involving a route with a TRAIN connection, you need to check in for the train trip, starting 72 hours before departure, on the website <https://check-in.accesrail.com/#/step1>. For all information, please refer to page https://www.ita-airways.com/en_it/flight-train-accesrail.html

If you are traveling with a partner airline, we recommend that you contact the other carriers for detailed information on possible [operational changes, travel restrictions or route suspensions](#).

In order to ensure protection from any fraud, authorized personnel may be required to show the credit card with which the ticket was purchased. Failure to present the original or copy of the credit card (if you are not the holder of the card with which the ticket was purchased) could mean you will not be permitted to board.

Passengers are informed that, in the event of reporting by national or international health bodies (WHO/CDC, etc ...) of countries where outbreaks of communicable infectious diseases are in progress and that they are classified as "Public Health Emergencies of national and international importance (PHEIC)," ITA Airways reserves the right to evaluate the possibility of not allowing passengers who have not passed the quarantine period for the infectious disease without clinical signs and symptoms to board its aircraft or who have not been certified by suitable health documentation.

The return ticket, or with intermediate stopovers, is valid only if used according to the flight order specified in the ticket. If the passenger does not show up to board a flight, the ticket will be canceled for subsequent flights, with **some exceptions***. For more information, please visit the page "[Online purchases](#)". Penalties apply to each passenger/ticket. The change could result in a fare supplement if the previously purchased fare is no longer available. The change, if permitted, must be requested before the departure of the flight that you want to change. The refund, if permitted, can be requested only if ITA Airways has been notified of the cancellation of the booking before the flight departure.

For tickets with round-trip or multi-route itineraries, where the flight solutions chosen by the customer for the individual routes have different fares (e.g. Light+Economy Classic), for all routes the most restrictive fare rule applies in relation to exchanges and refunds. ITA Airways reserves the right to apply to each route the relevant fare rule, wherever it is more favorable for the customer. For more information, please contact the Call Center.

For flights operated by partner airlines, it is necessary to contact the ITA Airways call center to confirm the meal on board. The special meal is confirmed only on flights where a full meal is offered on board and if requested at least 24 hours before flight departure ([more details on meals on board](#)).

For tickets purchased in Italy: in case of non-use, for any reason, of the outbound flight (or a leg of the outbound flight), the request to maintain the validity of the ticket for the return flight only can be accepted, only if previously communicated to ITA Airways.

- Within 24 hours after the departure time of the unused outbound flight.
- If the departure time of the return flight is within 24 hours of the outward journey, communication to the Contact Center must arrive at least two hours prior to the departure of the aforementioned return flight.

The Contact Center will issue a **new electronic ticket**, which means it will be necessary to check in on the website (if available) or at the airport.

If the passenger does not contact us or does so only after the time indicated, ITA Airways, where there are seats available on the flight, reserves the right to request payment of an amount equal to the difference between the price paid for the previously purchased ticket and the higher price applicable to the modified itinerary at the time of the reissue of the ticket.

FOR INTERNATIONAL FLIGHTS

The request to maintain the validity of the ticket for subsequent flights can be accepted in the event of the following causes:

- disease that prevents flying, proven by a suitable medical certificate from a hospital or an equivalent health care or hospitalization facility
- death of a first degree relative, spouse or cohabitant, proven by a death certificate
- fulfillment of obligations imposed by judicial authorities or police forces following the purchase of the ticket, proven by a copy of the decisions taken by these authorities

The occurrence of one of the aforementioned causes of force majeure must be communicated to ITA Airways at least two hours before the departure of the flight.

For more information, please contact our Contact Center from Italy on 800 936090.
